Workshop & Webinar Descriptions:

Behavior and Discipline in Schools
Participants will learn the components of the discipline process under IDEA and gain strategies that can help children manage their behavior. Understanding Positive Behavior Supports, Nevada's laws on Aversive Interventions, suspension and expulsion policies will give participants strategies to help children reach success.

Bullies, Targets, and Bystanders: Responses that Work
While bullying doesn't always leave bruises or broken bones, it can leave deep emotional scars that last a lifetime. Bullying is a serious issue that occurs throughout our schools everyday and, without intervention, bullying can lead to serious academic, social, emotional, and legal problems. Don't miss this class full of responses to bullying that really work.

Coffee Tea and IEP
Don't miss a new small group learning opportunity for families!
This guided interactive discussion will explore the special education process and encourage meaningful participation in IEPs. You'll leave with new ideas that encourage high expectations that lead to success for students with disabilities.

Getting that First Job
Both parents and students will learn an overview of the realities of employment for youth. Topics include career planning, the role of families and suggestions to increase the likelihood of being hired for a job.

Help Your Child Focus on Learning
Do you find that homework and other tasks can be challenging for your child to complete? Learn about the difficulties children have with focusing, their different learning styles, and strategies that can help you help your child focus better.

How is My Child Reading
This workshop focuses on helping participants understand terms that are used when discussing reading and writing. Learning the building blocks of literacy will answer this question and give parents the confidence to discuss reading scores with school staff.

IEP Clinic Workshop
Parents are key members of their child’s IEP team. This workshop includes an overview of the Individualized Education Program (IEP), including how to use evaluations to write measurable goals, as well as strategies to help parents become more active participants in their child’s IEP. Please bring your child’s IEP handy so you can review it during the workshop.

Making the Most Out of Your Baby’s Early Intervention Services
Parents who have concerns about their child’s development often feel overwhelmed and unsure where to turn. Early intervention services can help your infant or toddler with a disability learn, grow, and meet milestones. This workshop is for families of children under the age of three who want to learn more about the free services that are available to enhance their baby’s development.

Planning for Change - School to Adult Transition
This workshop will provide information on the rights of Positive Behavior Interventions and an understanding of the environments in which challenging behaviors occur. Learn about evidence-based practices that support preschoolers to be successful and the statewide project TACSEI Pyramid Model Partnership.

Understanding Section 504 – A Civil Rights Law
This new workshop is designed to provide an understanding of The Rehabilitation Act of 1973 Section 504. Their purpose is to ensure that a child who has a disability identified under the law and is attending an elementary or secondary educational institution receives accommodations that will ensure their academic success and access to the learning environment.
