Parents who have concerns about their child’s development often feel overwhelmed and unsure where to turn. Early intervention services can help your infant or toddler with a disability learn, grow, and meet milestones. This workshop is for families of children under the age of three who want to learn more about the free services that are available to enhance their baby’s development.

Positive Behavior Approaches for Parents

Participants will learn how to use new small group learning opportunities for families! This guided interactive discussion will explore the special education process and encourage meaningful participation in IEPs. You’ll learn with new ideas that encourage high expectations that lead to success for students with disabilities.

Get Your Child to Complete

Getting the First Job

Evaluation & Response to Intervention
Evaluation and determination of eligibility are key elements in special education. Participants in this workshop will learn about the process that determines the need for special education and related services.

Getting the First Job

Both parents and students will learn an overview of the realities of employment for youth. Topics include career planning, the role of families and suggestions to increase the likelihood of being hired for a job.

Help Your Child Focus on Learning

Do you find that homework and other tasks can be challenging for your child to complete? Learn about the difficulties children have with focusing, their different learning styles, and strategies that can help you help your child focus better.

How About Transition Planning: Navigating Your Future

This new workshop is designed to provide an understanding of The Rehabilitation Act of 1973 Section 504. Its purpose is to ensure that a child who has a disability identified under the law and is attending an elementary or secondary educational institution receives accommodations that will enable their academic success and access to the learning environment.
