**Workshop & Webinar Descriptions:**

**Are You Ready for “The Talk?”**
Puberty is often a confusing time for children with disabilities as they try to understand the changes their bodies go through and emotions they may be feeling. Learn how to teach your adolescent important skills, like understanding appropriate relationships, boundaries, social skills, and keeping up with hygiene. Feel more confident as you get ready to have “the talk”.

**Behavior and Discipline in Schools**
Participants will learn the components of the discipline process under IDEA and gain strategies that can help children manage their behavior. Understanding Positive Behavior Supports, Nevada’s laws on Aversive Interventions, suspension and expulsion policies will give participants strategies to help children reach success.

**Bullies, Targets, and Bystanders: Responses that Work**
While bullying doesn’t always leave broken bones, it can leave deep emotional scars that last a lifetime. Bullying is a serious issue that occurs throughout our schools every day and, without intervention, bullying can lead to serious academic, social, emotional, and legal problems. Don’t miss this class full of responses to bullying that really work.

**Coffee Tea and IEP**
Don’t miss this new small group learning opportunity for families! This guided interactive discussion will explore the special education process and encourage meaningful participation in IEPs. You’ll leave with new ideas that encourage high expectations that lead to success for students with disabilities.

**Considering College? Learn What’s Available and How to Get It**
Thinking about going to college? This workshop will guide you where to go, what to ask, and how to apply to help you get ready for the next chapter of your life as a college student. You will be provided a “You Can Do It!” workbook to assist you with gathering information to better prepare you for your post-secondary education. Parents and students are encouraged to attend this workshop together.

**Evaluation & Response to Intervention**
Evaluation and determining eligibility are key elements in special education. Participants in this workshop will learn about the process that determines the need for special education and related services.

**Getting the First Job**
Both parents and students will learn an overview of the realities of employment for youth. Topics include career planning, the role of families and suggestions to increase the likelihood of being hired for a job.

**Help Your Child Focus on Learning**

This workshop will provide information on areas relating to transition, including the age of majority, as well as how to prepare for and take an active role in the IEP process.

**How is My Child Reading**
